

NYSUT Member Benefits Payroll Deduction Authorization

If you are eligible to participate in payroll deduction and your employer has an agreement with your local association and NYSUT Member Benefits, you may take advantage of spreading out your annual premiums for those Member Benefits-endorsed programs that offer payroll deduction as a payment option.

For new enrollments to our programs:

Complete the payroll deduction authorization form below (with the <u>member's</u> information, even if the
deduction is for a spouse's/domestic partner's policy) and submit it to the Plan Administrator along with
your application. Once the Plan Administrator receives the application and processes it, the deduction
information will be sent to Member Benefits and then forwarded to your employer to start your
deductions.

For existing programs that you currently participate in and would like to switch to payroll deduction:

- When you receive your next invoice/billing statement, complete the payroll deduction authorization form below and return it to the Plan Administrator (to the address on the invoice) along with the remittance stub from the invoice – in place of payment/check. Do not send another form of payment as this form serves as your payment.
- The Plan Administrator will change the billing preference on their end and send Member Benefits the deduction information, which will be forwarded to your employer to start the deductions.

<u>Please Note</u>: Your NYSUT ID number is not the same as your pension number, employee ID number, or UFT ID number.

Please print clearly and sign and date at the bottom. If you have any questions about this form, please contact Member Benefits at 800-626-8101. (2K, 1/23, I-05)
