Family Plans provide families of traumatized students with $100 in financial assistance per day while the student is unable to attend school due to a trauma.

Family coverage includes the insured; spouse (if applicable); and dependent, unmarried children to age 19 (26 if full-time students). This includes the relationship created by a domestic partnership. Newborn children are automatically insured from the moment of birth. A dependent child must be under the age of 19 at the time of application to be eligible for coverage.

Taking time to heal

Mary’s Story

“I was assaulted while out with friends. I went to the hospital and was treated for injuries and tested for diseases. I needed time to deal with everything...it was all just too much.”

Mary needed time to heal and feel secure but, like most people, she couldn't afford the additional out of pocket costs for trauma recovery care or afford to miss work and survive on the reduced pay from disability insurance.

Trauma coverage provided Mary with financial security - 100% of her normal pay and reimbursement for the out of pocket medical costs. It also provided Mary with trauma counseling and provided lost wages to her mother for supportive services.

Family members providing supportive services can also receive 100% of their regular pay up to their plan maximum.

Family coverage includes the insured; spouse (if applicable); and dependent, unmarried children to age 19 (26 if full-time students). This includes the relationship created by a domestic partnership. Newborn children are automatically insured from the moment of birth. A dependent child must be under the age of 19 at the time of application to be eligible for coverage.

Taking control

Ben’s Story

“I contracted an infectious disease at work. It got so bad that they had to amputate part of my nose and left ear. Workers compensation paid for my reconstructive surgery, but it didn’t let me choose my doctors or pay for elective cosmetic surgery to look like I was before this began.”

Ben couldn’t afford the out of pocket costs to see another doctor or for cosmetic surgery. Especially, since he was receiving reduced pay from workers compensation and his wife, Ana, was on unpaid leave to help take care of him.

Trauma coverage provided Ben with financial security - 100% of his normal pay and reimbursement for the out of pocket medical costs allowing him to choose his doctor and receive cosmetic surgery. It also provided lost wages to Ana for supportive services.

Mind and Body Recovery

Jim’s Story

“I was injured during a mass shooting at a community festival. I started physical therapy and even talked with counselors in my Employee Assistance Program but became addicted to my pills for pain and anxiety ...it was awful.”

Jim needed comprehensive trauma recovery care. Like most people, he couldn’t afford the out of pocket costs for confidential addiction treatment or afford to survive on the reduced pay while on disability leave.

Trauma coverage provided Jim with financial security - 100% of his normal pay, confidential addiction treatment and trauma counseling.
